

Pharmacy and Biotechnology Mathematics, 1/e

Riyaz Ahmad Khan & Abdul Wadood Khan

2008	458 pp	Paperback	ISBN: 9788190694285	Price: 445.00
------	--------	-----------	---------------------	---------------

About the Book

The basic objective of this book is to furnish the reader with the thorough understanding of mathematics topics included in the syllabus of B. Pharm. and Tech. (Biotechnology). The book explains:

Algebra, Determinant, Matrices
 Measures of Central Values
 Trigonometry
 Analytical Plain Geometry
 Calculus: Differential and Integral Calculus
 Curve fitting, Solution of Cubic and Biquadratic Equations.

Salient Features

- ▶All fundamentals of the topics have been explained with a micro analysis.
- ▶Solved examples of different kinds of problems have been given to make the reader understand the various skills necessary to solve the problems.
- ▶Unsolved exercises of different kinds of problems have been given in a graded style.

Table of Contents

1. Preface
2. Acknowledgements
3. Quadratic Equations
4. Measures of Central Values
5. Trigonometry
6. Analytical Plane Geometry
7. Differential Calculus
8. Index.

About the Author

Riyaz Ahmad Khan :- Dr. Riyaz Ahmad Khan, PhD, is a researcher and lecturer in the department of Information Technology, Nizwa College of Technology, Nizwa, Sultanate of Oman. He is member of International Egyptian Engineering Mathematical Society, Egypt; International Association of Engineers (IAENG), Singapore; Tensor Society of India, Purvanchal Academy of Sciences, and Center for Technology and Teachers Education.

He has published more than 15 peer review research articles, 10 books and guided PhD students.

His work has been published in *Engineering Mathematics*, *Differential Equations*, *Pharmacy Mathematics* from Germany and India. He is an author/reviewer of various national and international journals. He is also editor-in-chief of "International release of mathematics and mathematical sciences (irmms.org)" an academic journal.

Abdul Wadood Khan :- Abdul Wadood Khan is Lecturer in the Department of Mathematics at Integral University, Lucknow. He is pursuing his Ph.D. in the field of Hydrodynamic Stability of Homogeneous and Heterogeneous Shear Flows from Integral University, Lucknow.
