55. Washing Machine
56. Shock Absorber
57. Clutch
58. Brake
59. Concrete Mixer
60. Gyroscope
61. Conveyer
62. Carpentry
63. Simple Planing by Jack Plane
64. Half Lap Corner Joint in Carpentry
65. Mortice and Tenon Joint in Carpentry
66. Middle Lap Joint in Carpentry
67. Cross Lap Joint in Carpentry

68. Dovetail Joint in Carpentry
69. Wood Turning Lathe
70. Band Saw, Circular Saw and Surfacers
71. Benchwork and Fitting
72. Square Joint in Fitting
73. Male and Female V-Shape Joint in Fitting
74. Dovetail Joint in Fitting
75. Drilling and Tapping
76. Blacksmithy
77. Forging a Square Rod from a Round Rod
78. Nail Making by Forging
79. Making a Hook by Forging
80. Gas Welding
81. Gas Welding Practice: Butt Joint
82. Arc Welding
83. Butt Joint by Arc Welding
84. Double V–Butt Joint by Arc Welding
85. Lap Joint by Arc Welding
86. T-Fillet Joint by Arc Welding
87. Corner or L-Joint by Arc Welding
88. Resistance Welding
89. Sheet Metal Work
90. Cylindrical Container by Sheet Metal Work
91. Making a Tray by Sheet Metal Work
92. Cone Making by Sheet Metal Work
93. Tools and Operations of Foundry
94. Pattern Making for Foundry
95. Moulding Sand for Foundry
96. Mould Cavity Making from a Gear Pattern
97. Lathe Machine
98. Turning, Facing and Chamfering by Lathe
99. Taper Turning on Lathe
100. Thread Cutting on Lathe
101. Painting
102. Plumbing
103. Threaded Fasteners
104. Fluorescent Tube
105. Ceiling Fan
106. Automatic Iron Box
107. Valves and Cocks to Control Fluids
108. Fire Extinguishers
109. Cement, Concrete and Masonry
110. Electric Earthing

112. Objective Type Questions and Answers Index

About the Author

G.S. Sawhney :- has served as Professor and Head, Department of Mechanical Engineering, GNIT Greater Noida. Earlier he was at Lord Krishna College of Engineering, Ghaziabad in the same capacity. Prior to joining teaching, he had served for 28 years in the Corps of Engineers and for 10 years in industry. His other books published by I.K. International Pvt. Ltd. are:

Biomedical Electronics and Instrumentation
Fluid Machinery Made Easy
Fundamentals of Computer Aided Manufacturing
Fundamentals of Biomedical Engineering Made Easy
Heat and Mass Transfer

Manufacturing Science (Volume-I, II)
Materials Science and Engineering
Mechanical Experiments and Workshop Practice
Project Management Made Easy
