

Nanotechnology, 1/e

M.H. Fulekar

2010	296 pp	Paperback	ISBN: 9789380026985	Price: 395.00
------	--------	-----------	---------------------	---------------

About the Book

Nanotechnology: Importance & Applications highlights the latest developments and advances in the field of nanoscience and nanotechnology and their wide applications in design and development of Material Science and Devices, Energy, Drug Delivery, Cosmetics, Biology, Biotechnology, Tissue Engineering, Bioinformatics, Information Technology, Agriculture and Food, Environmental Protection, Health Risk, Ethics, Regulations and future prospects, This book will be useful to both Undergraduate and Postgraduate students, teachers and researchers, scientists and industrial personnel working in the field of Nanoscience and Nanotechnology.

Salient Features

Salient Features:

- ▶ The book focuses of the applied aspects of nanotechnology – in various fields of scientific and industrial applications – in India as well as various other regions of the world.
- ▶ Contains reports on nanotechnology and development of nanotechnology at the end of the book.
- ▶ Includes appendices on milestone events, corporate cases, research centers, and universities.
- ▶ Provides a detailed glossary of nanoscience and nanotechnology.

Table of Contents

- ▶ Preface
- ▶ Nanotechnology and its Applications
- ▶ Nanotechnology: Materials and Manufacture
- ▶ Nanotechnology for Renewable Energy
- ▶ Nanotechnology in Drug Delivery
- ▶ Nanotechnology and Cosmetics
- ▶ Bionanotechnology
- ▶ Nanotechnology in Tissue Engineering
- ▶ Nanotechnology in Bioinformatics
- ▶ Nanotechnology in Information Technology – Applications
- ▶ Nanotechnology in Agriculture and Food Industry
- ▶ Nanotechnology in Environment
- ▶ Nanotechnology – Risks for Health and Environment
- ▶ Ethics of Nanoscience and Nanotechnology
- ▶ Regulations on Nanotechnology
- ▶ The Future Prospects for Nanotechnology
- ▶ REFERENCES
- ▶ Glossary
- ▶ Nanotechnology
- ▶ Nanotechnology: Information Sheet
- ▶ Index

About the Author

M.H. Fulekar :- M.H. Fulekar is Professor of Environmental Biotechnology in University Department of Life Sciences, University of Mumbai. He was Head, University Department of Life Sciences, University of Mumbai (2005-2008). He is Academic Coordinator of UMDAE CBS (Biology) Mumbai. He is Chairman of Ad hoc Board of Studies in Life Sciences, University of Mumbai and Chairman of Ad hoc Board of Studies in

Environmental Sciences, Nagpur University. He is also rendering his expertise in Life Sciences/ Environmental Sciences to various scientific bodies/organizations. He has had an international assignment on industrial hygiene/chemical safety in Australia, Bangkok and Singapore. He has to his credit a number of research papers and articles published in international and national journals of repute. He is the author of: Environmental Biotechnology: Chemical Safety and Industrial Hygiene, Dictionary of Biotechnology (IK International), and Bioinformatics: Applications in Life & Environmental Sciences. His biography was included in "The Marquis Who's Outstanding Scientist of the 20th Century" in 2000 by International Biographical Centre, Cambridge, England. He is also a member of New York Academy of Sciences, USA. He is well known nationally and internationally for his work on environment sciences/environmental biotechnology.
