

Applied Physics, 3/e

Manasi Karkare & Rajni Bahuguna

2012	244 pp	Paperback	ISBN: 9789382332084	Price: 195.00
------	--------	-----------	---------------------	---------------

About the Book

Applied Physics-I is meant for the first year engineering students of the Mumbai University.

Salient Features

- ▶ Each topic is written in self-explanatory & easy to understand language.
 - ▶ Appropriate and illustrative diagrams wherever necessary.
 - ▶ Numerous solved problems along with assignment problems.
 - ▶ Summary, List of Formulae, Questions with Answer and Exercise are included at the end of each chapter.
-

Table of Contents

- ▶ Crystal Structure
 - ▶ Semiconductors Physics
 - ▶ Dielectrics, and Magnetic Materials
 - ▶ Acoustics & Ultrasonic
 - ▶ Index
-

About the Author

Manasi Karkare :- **Manasi Karkare** is Associate Professor presently working as Dean-First Year Engineering at SIES Graduate School of Technology, Nerul, Navi-Mumbai. She is a Gold Medalist Physics researcher and has completed 2 Research Projects in the field of Nanomaterials funded by University of Mumbai. She has published 10 Research papers in International Journals of Repute. She has also authored books entitled *Nanotechnology: Fundamentals and Applications* and *Applied Physics-II*.

Rajni Bahuguna :- **Rajni Bahuguna**, PhD from Bhabha atomic research centre, DAE is currently FE In charge in Department of Humanities and Sciences of Thakur college of Engineering and technology. She has over two decades of experience in teaching and research. Her areas of specialization are structural refinement by neutron diffraction, ferroelectrics and conducting polymers. She has more than 30 publications in reputed journals, international conference and national conference.
