#### **About the Author**

**R S Mishra** :- Currently the Head of the Department, Mechanical, Production & Industrial Engineering and Automobile Engineering, Delhi Technological University. Prof. Mishra is a Doctorate from IIT Delhi in 1986, has made distinguished contribution to the advancement of frontiers of knowledge in the areas of Solar Energy Technology, Power Plant Engineering, New and Renewable Energy Resources and Total Quality Management.

**Samsheer** :- is Professor & Dean, Department of Mechanical, Production & Industrial Engineering and Automobile Engineering, Delhi Technological University. Earlier he has served as Director of Delhi, Chandigarh, Shimla, Ropar, Ajmer, Gorakhpur, Lucknow and Patna centres of National Institute of Electronics and Information Technology (NIELIT). He is a postgraduate and Doctorate from IIT Delhi (2007) and has more than 30 years of teaching and research experience. He has made distinguished contribution in the area of Thermal Engineering. He has published a good number of papers in journals and conferences. He is a Fellow of Institution of Engineers (India), Life member of ISTE, and ISME .

**Ranganath M Singari** :- Associate Professor, Department of Production & Industrial Engineering, Delhi Technological University, is a Post-graduate and Doctorate from University of Delhi and has more than 22 years of experience in industry, teaching and research. He has made contributions in the areas of Production Engineering, Metal Cutting, Advanced Machining, Industrial Engineering and Automation.
