**About the Book**

JavaScript instructs the user to create exciting web pages that employ the power of JavaScript to provide functionality. It allows dynamic content to get executed in a webpage. It does not incorporate any HTML tags or rules. It is not a stand-alone language, but rather it is a scripting add-on to HTML. It is one of the basics of web designing technology of which any web developer should have a thorough knowledge and understanding. This book focuses on aiding the reader to incorporate all features of JavaScript to create an interactive web page. The book not only serves the academic learning, but also shall be a reference guide for practitioners.

**Salient Features**

A comprehensive guide for developers for building dynamic, cross-browser websites and applications using JavaScript. JavaScript in easy steps has an easy-to-follow style that will appeal to anyone who wants to add functionality to their web pages. The book will appeal to programmers who want to quickly add JavaScript to their skills set and to the student who is studying website design at school or college and to those seeking a career in web development who need an understanding of client-side scripting.

**Table of Contents**

1. Introduction
  2. JavaScript Programs
  3. Dialog Boxes
  4. Objects in JavaScript
  5. Browser BOM
  6. DOM HTML
  7. JavaScript and HTML forms
  8. JavaScript Regular Expression
  9. Errors and Exception Handling
- Annexure-A  
Index

**About the Author**

**Archana Devi** :- obtained her BTech in Information Technology from Government Engineering College, Barton Hill, Trivandrum and MTech in Computer Science and Engineering with specialization in Information Security from National Institute of Technology, Calicut. She is Assistant Professor in the department of Computer Science and Engineering, Amrita School of Engineering for the past four years. Her areas of interest include Android Security, Information Security, Web Security and Web Technologies. She is actively involved in a number of student organizations, workshops and conferences.

**Chellaprabha** :- is a seasoned academican with couple of decades of experience as a teacher. She is currently associated with SNS College of Technology, Coimbatore as Head, Academics. She has co-authored a book on Fundamentals of Computer Science.
